

Desktop screen

Metrics are in rows, so the component scales up nicely on mobile and desktop to handle dozens of metrics.

Dimension on the Y-axis, as the table is designed for just 2 dimensions (design can work fine with 1-4 dimensions, but we should consider other designs for use cases with more dimensions)

	Dimension 1	Dimension 2
Metric 1	82.5 32.6% 	124.6 18% 
Metric 2	52.5 -12.6% 	12.5 2.6% 
Metric 3	42.5 10.2% 	12.5 -6.6% 
Metric 4	2.5 12.6% 	42.5 10.2% 
Metric 5	2.5 -2.1% 	42.5 -10.2% 

Icons hidden on small screens/mobile

trend hidden on extra small screens/old mobile

Color code the background to make trends more easily visualised. (need a pattern to help accessibility)

Small Screen/Mobile

	Dimension 1	Dimension 2
Metric 1	82.5 32.6%	124.6 18%
Metric 2	52.5 -12.6%	12.5 2.6%
Metric 3	42.5 10.2%	-12.5 -6.6%
Metric 4	2.5 12.6%	42.5 10.2%
Metric 5	2.5 -2.1%	-42.5 -10.2%
